

Task name	Responsibility	Status	ID	Local ID	Time		Open	Running	Closed
Domain model	Christian	Closed	1st backlog requirement		1 Day 1				
MVVM implementation	Juste	Closed	1st backlog requirement		2 Day1, 2, 3				
Model interface design (class diagram)	Karolis	Closed	1st backlog requirement		3 Day 1				
Factory method used	Karolis	Closed	1st backlog requirement		4 Day 2		Notes Describe parts of class diagram in the project		
Class digram (model package)	Juste	Closed	1st backlog requirement		5 Day 1				
Class digram (ViewModel package)	Karolis	Closed	1st backlog requirement		6 Day 1				
Class digram (View package)	Nina	Closed	1st backlog requirement		7 Day 1				
System sequence diagram	Christian	Closed	1st backlog requirement		8 Day 2				
Wireframe (GUI design)	Nina	Closed	1st backlog requirement		9 Day 1				
Create the GUI (SceneBuilder)	Nina	Closed	1st backlog requirement		10 Day 1				
View package implementation + java doc	Nina	Closed	1st backlog requirement		11 Day 2, 3				
Model package implementation + java doc	Juste	Closed	1st backlog requirement		Day 2 and Day 3				
ViewModel package implementation + java doc	Karolis	Closed	1st backlog requirement		13 Day 1, 2, 3				
Documentation of relevant parts of the project (project report)	Christian	closed	1st backlog requirement		14 Day 2, 3				
Dummy data for testing	Juste	closed	1st backlog requirement		15 Day 2, 3				
Testing (Unit testing (After every class))	Christian	Closed	1st backlog requirement		16 Day 3				
Testing (User case)	Juste	Closed	1st backlog requirement		17 Day 3
